

TEAM ISSUE™ LEVEL 5

CARBON X

FIRE RETARDANT HAND PROTECTION

Our Team Issue™ Level 5 is constructed with a sturdy CarbonX® lined genuine leather palm and backed with two top layers of fire-retardant CarbonX® stretch-knit, shielding your entire hand with SFI level 5 protection. Intense conditions demand increased protection so we incorporated a high-density accordion knuckle to shield your hands against hazardous impact. The wide leather cuff allows for easy entry and a fit you can trust when the heat is on. Meets or exceeds SFI 3.3/5 & ARC 47.6 specifications.
